EARTHQUAKE FELT ON PRESTON FARMS.

Ground Quivered, Dishes Rattled and
Rumbling Noise Heard.

From the neighborhood of Hill at
Preston, and for a mile or so around,
word was telephoned to The Bulletin
Monday evening that an earthquake
shock of several seconds' duration was
distinctly felt there Monday morning
at 6:20 o'clock.

At the home of A. D. Zabriskie, for-
mer representative, dishes were rattled
on the pantry shelves and the door of
a dresser was swung open by the vibra-
tions. There was a rumbling sound
and the ground quivered. A peddler
out in the road also noticed that the
ground quivered. The earthquake was
also noticed at the home of Hollis
Palmer and at the home of E. P.
Barnes on Zion Hill.

Crossing the Bar.

In 1911 the first severe frost occurred
during the morning of Oct. 30th; last

was the first of November.

Get This for Colds

Prescription for Positive Results
Don't Experiment.

"From your druggist get two ounces
of Glycerine and half an ounce of
Pine Compound (Concentrated Pine).
Take these two ingredients home and
put them into a half pint of good whis-
key. Shake well. Take one to two
teaspoonfuls after each meal and at bed-
time. Smaller doses to children ac-
cording to age. This is said to be the
quickest cough and cold cure known to
the medical profession. Be sure to get
only the genuine Pine Compound
(Concentrated Pine). Each half ounce
bottle comes in a screw-top sealed
case. If your druggist is out of stock
he will quickly get it from his whole-
sale house. Don't fool with uncertain
mixtures. It is risky. For the past six
years this has had a wonderful demand.

For Indigestion—Mix one ounce Cat-
tard Compound, two ounces Essence
of Peppermint, three ounces Syrup of
Ginger. Take one to two teaspoonfuls
after each meal. This is said to have no
equal. Cattanah is the new compound,
any druggist has it or will get it. Pub-
lished by the Globe Pharmaceutical Lab-
oratories of Chicago.

WAUREGAN HOTEL FULL.

Auxiliary Beds in Use—Convention
Brings Many Guests—Dining Room
Reopened.

Because of the extra number of peo-
ple in town on account of the state
Sunday school convention, auxiliary
beds were in use in the Wauregan
house on Monday evening, and the hos-
tel was about as full of guests as is
possible.

The handsome dining room of the
hotel was reopened on Sunday, having
been closed since one month, during
which time the walls have been de-
corated. Having been white up to this
time, the walls now are in light tints,
the panels being in old gold with a
stencilling around the outer edge. The
ceiling is a soft tint in green. As a
whole the work has been nicely done
by the Boston company that tinted the
interior of the Chelsea bank building.

The dining room at the Wauregan
was started under the European plan
the first of this month, it having been
conducted under the American plan
until now. On Sunday night there
were probably 100 in the hotel to din-
ner as well as to enjoy the pleasant
surroundings. The tables were each
decorated with flowers, there being
distributed throughout the hotel in all
the dining room huge palms and
potted plants.

Joseph Surdman, formerly of the
Majestic, Waldorf and St. Regis hotels
in New York, has assumed the super-
tendency of the dining rooms and un-
der his personal care they are sure to
prove attractive.

Further than that, they declined to

believed she was or how this infor-

Goodell of Dwight, Mass., who is
claiming agent for the C. V. R. R., visited
him at his home Sunday. Mr. Smith

so and remained in days until they
found another attendant. Four days
later on Tuesday evening she again
phoned, asking Mr. Smith to return
as the nurse and attendant of the
caring for Kate until the next Tues-
day evening when she disappeared. He,
with Policeman Henderson searched
through the night, and early Wednes-
day morning Mr. Smith came to the
house accompanied to the business to go
with him and drag the river. They
continued to drag the river from early
morning until night Wednesday.

Hopkins & Allen Arms company did
not work on Monday, but George S.
Watts, secretary and treasurer of the

WHAT'S LONDON

SHOWING IN

MEN'S STYLES?

Do you know? If not you are
not up-to-date, for London sets
the styles for men as surely as
Paris does for women.

Men's clothing and furnishing
dealers keep a sharp eye on what
they are wearing in Piccadilly.

Their stocks are quick to re-
flect the newest note.

Their advertising instantly re-
flects the stocks.

A man is too busy to go buzz-
ling around the stores every day to
see what is going on—but he
is not too busy to glance at the
advertising in the daily papers
like The Bulletin.

Live, up-to-the-minute men
find that it keeps them informed
on the things they want to
know.

DIVISION ST. RESIDENTS DEBATE

Sidewalk Hearing Before Council Brings Out Many Ar-
guments Pro and Con—Matthew H. Delaney Appointed Po-
liceman and Daniel J. Coughlin Supernumerary—As-
sessments to be Laid For Broad and Sherman Street
Sewers.

A spirited debate in which some per-
sonalities were exchanged over the
matter of sidewalks on Division street
was a feature of the November meet-
ing of the common council on Monday
evening, which was also the time set
for a hearing on the proposed resolu-
tion to order a curb and cement gran-
olithic or asphalt walks on both sides
of the street for its entire length.
Residents and property owners on the
street were lined up on opposite sides
and it occupied about an hour in
presenting their views before the
council.

Mayor T. C. Murphy called the meet-
ing to order just after 7 o'clock. Council-
man W. J. Kramer was the only
absentee shown when Clerk Stephen D.
Moore called the roll. About 45 citi-
zens were present in the space outside
the council hall.

The Division street sidewalk hear-
ing was first taken up.
City Engineer George E. Pitcher, who
is a resident on the street, was the
first speaker. He mentioned that side-
walks on Division street had been
brought up in 1896, 1907, 1910 and 1911,
and he reviewed what had been done
on these occasions.

Called to Order.

Mayor Murphy tapped the speaker
to order when he made mention that
at one time, when the matter received
unfavorable action, the council had
been composed mostly of Free Masons.

Pedestrians as Road Rollers.
Mr. Pitcher told of bad and danger-
ous washouts that had taken place on
the street. Notices had been sent by
him to the city engineers to have the
pavement on the sidewalks of the Mc-
Nickle property and the Hall property
and left in heaps for travelers along
the street, to act as road rollers in
smoothing them down and also told of
the times people had to walk through
mud on this street.

The speaker pointed out how near
Division street was to Franklin square
and that it was not isolated as had
been claimed and was nearer than
other streets that he named which have
improved sidewalks. The majority of
property owners wanted to put in a
cement concrete sidewalk, said Mr.
Pitcher, and if that were ordered the
speaker advised that it would be right
within the time limit from Nov. 1,
1913, to June 1, 1914.

Remonstrance Read.

E. A. Cherry asked that a remon-
strance which had been handed in by
him and Clerk Stephen D. Moore read
the remonstrance signed by John A.
Moran and 15 others.

To the mayor's question, Mr. Pitcher
said that a grade has been established
on both sides of the street.

Like Throwing Money Into Sea.
D. J. Driscoll spoke of the need of
further cutting of the ledge and the
building of retaining walls on the
street, and he thought it was like
throwing money into the sea to build a
walk against the Gibraltar of rock on
the street.

Levert Pitcher spoke in opposition
to the last speaker, had said about
the few people who walk along the
street.

Had Photographs to Show.
Civil Engineer Pitcher produced four
photographs of portions of the street
and also had the clerk read a letter
from Mrs. L. N. Goodell, 63 Hill street,
the oldest resident on the street,
who had lived there 50 years, she
wrote, and she was willing to pay for
improvements.

Questioned About Letter.
John A. Moran asked to have the
date of the letter read and said it
seemed very much like one that had
been produced three years ago in the
same matter. Clerk Moore said there
was no date on the letter and Mr.
Pitcher said that had been handed
him today from Mrs. Hill.

E. A. Cherry Protests.
E. A. Cherry said that the owners of
the property represented by the re-

plank would have to be removed to put in the sidewalk, and was told there was only a little that projected into the sidewalk line. Mr. Kind said there was little to show for the \$500 that had once been appropriated to remove this ledge, and he had been told it would cost the city \$1,000 to get the rock off. He also asked how much was to be taken off the top of the hill, and asked if the city is obliged to put in a retaining wall if the street grade is changed.

More Expense Than Calculated.

Mr. Kind told of the retaining wall on his property, which was falling down, and in which he had been down, although he had called the attention of the street commissioner and the public works committee to it. The Walker property is about as bad, he said, and the fence is also in bad shape. He said that he believed that if the city should build up the retaining walls
